

This document will walk you through selling a health sherpa app. In order to do so there are a few requirements that CMS has put in place this year, we will go through them as well. After you've read this document you will have everything you need to sell applications on Health Sherpa.

CMS now requires you integrate your account every 12 hours, this is simply asking you to log into your portal.cms.gov/portal account to make sure your CMS credentials are currently valid. You always want to make sure you complete this when logging in so your account will have access to CMS servers, which enables your full Health Sherpa experience within your account.

The image shows a web interface for CMS-required FFM Integration. At the top, there are two links: "SIGN IN" and "INTEGRATE". The main heading is "CMS-required FFM Integration". Below this, a message states: "CMS requires agents to reintegrate their FFM accounts with EDE partners, like HealthSherpa, every 12 hours." A red alert box contains the text: "Your current integration is expired. You may skip this step, but you will not see any on-exchange applications until you re-integrate." At the bottom, there are two buttons: "Login without integrating" and "Reintegrate account" with a refresh icon.

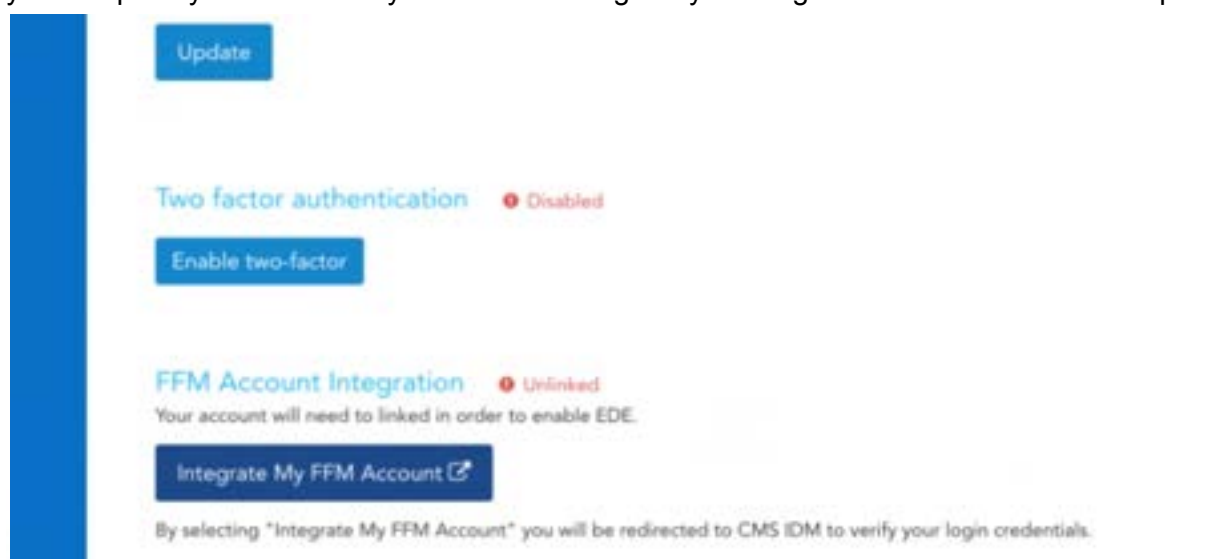

The image shows the CMS.gov Identity Management Sign In screen. At the top, it says "CMS.gov | Identity Management". The heading is "Sign In". There are two input fields: "User ID" and "Password". The "User ID" field has a red error message: "This field cannot be left blank". Below the "Password" field, there is a checkbox for "Agree to our Terms & Conditions". There are two buttons: "Sign In" and "CMS PIV Card Only". Below these, there is a section for "PIV Users" with a message: "To activate the PIV functionality, you must first sign in using your EUA ID and password during your initial login." There are two more buttons: "IDM User Registration" and "Forgot User ID". At the bottom, there are links for "Forgot Password" and "Unlock Account".

It's important to note that CMS has cracked down on their policy enforcing no account sharing, and no logging into CMS or any programs that access CMS such as Health Sherpa from outside the country. You also agreed on your FFM training to never use a VPN when connecting to CMS. Health Sherpa is required to report any irregularities to CMS, and once CMS finds you're in violation of their regulations you can lose your CMS credentials, and Health Sherpa can permanently ban you from ever using their platform again.

When you first log into your health sherpa account, you'll need to make sure that you've enabled your Enhanced Direct Enrollment (EDE).

This is what allows you to use the hc.gov integration and use health sherpa as an enrollment platform. It will ask you questions that come from your experian credit report. So be sure to enter in your personal address and phone number and not your business information when authorizing your EDE. If for any reason you're not able to move forward, first make sure that your information is accurate and if it is then proceed to call the number on your screen. After you complete your EDE then you'll have to integrate your hc.gov account into health sherpa.

After confirming your identity and enabling EDE, the next step will be to integrate your FFM account. To find this menu, click on the setting menu at the left side of your screen in the banner to the left. Then under Two Factor Authentication you'll now see the Integrate button. When you click on this it will take you back to the CMS website where you will log in with your FFM credentials. You will be required to do this again each time FFM integration expires.

Starting a Quote

At the top right of your screen you should see these buttons. In some instances you will not see these buttons at the top of your screen, if that's the case first make sure you're on the Clients tab. Then scroll down under the names of the clients and you'll find the blue quote button in the center of your screen under the client names.

Quoting

The screenshot shows the 'Your details' and 'Eligibility' sections of a quote form. The 'Your details' section includes a 'Zip code' field, a 'Household members' dropdown menu, a 'Household income' field, and a 'Who is applying for coverage?' section with radio buttons for 'Age' and 'DOB', a 'Sex' section with 'M' and 'F' buttons, and a 'Tobacco user' checkbox. The 'Eligibility' section shows a message: 'No savings applied. Plans will show as full price until you complete your details.'

After you start a quote you can enter their basic information.

The **Zip code** does matter as some plans are only available in certain zip codes, so if you quote them one plan and then use a different zip code when completing the application that plan you quoted may not be available anymore. Always make sure you have the correct zip code.

For the **Household members** make sure you ask them specifically if they are filing taxes, because they can only get a subsidy if they are, and then how many people will they claim on their taxes. That is the number that goes into this field, not how many people are actually applying for coverage.

Who is applying for coverage? Here is where you enter the actual people looking for insurance. You can either use their DOB or age, it will give the same data. The only important checkbox here is tobacco use, because this quote screen is just to get rough numbers anyway. All of the other questions you'll ask when you do the actual application.

Household income I suggest getting direct and to the point here when talking to the member. A line that I use here is, "Now you don't need a crystal ball, but what do you estimate will be your adjusted gross combined family income for the concurrent year of coverage? The IRS will check your math when you file your taxes anyway so they'll make corrections if you are off by a bit. And if you're married, to qualify for a subsidy you have to file together so what is the household income?"

The screenshot shows the 'Your details' and 'Eligibility' sections of a quote form with values entered. The 'Your details' section includes a 'Zip code' field with '33156', a 'Household members' dropdown menu with '1', a 'Household income' field with '\$ 20000', and a 'Who is applying for coverage?' section with 'Age' selected, 'DOB' unselected, 'Sex' set to 'F', and 'Tobacco user' unchecked. The 'Eligibility' section shows a 'Savings' box with '\$425' and a 'Cost sharing reduction' box with a 'CSR' badge. A tooltip explains: 'This discount lowers out of pocket expenses (deductible, copayments, and coinsurance) for Silver plans only.'

Cost Sharing Reduction (CSR) if their income falls within the lower limits of the federal poverty level, they get additional help in the form of lower copays, deductibles, and coinsurance for the **Silver** plans. If you see a CSR just scroll down on and click on silver plans in the medal levels.

The screenshot displays a health insurance selection interface. On the left, there are filters for 'Carriers' and 'Metal levels'. The 'Carriers' list includes: Aetna CVS Health (checked), Ambetter from Sunshine Health (checked), AvMed, Inc. (unchecked), Bright Health Insurance Company of Florida (unchecked), Cigna Health and Life Insurance Company (checked), Florida Blue (BlueCross BlueShield FL) (unchecked), Florida Blue HMO (a BlueCross BlueShield FL company) (unchecked), Molina Marketplace (checked), Oscar Insurance Company of Florida (checked), and UnitedHealthcare (checked). Below this is a 'Health Savings Accounts' section with 'Eligible for an HSA' (unchecked). The 'Metal levels' section includes: Catastrophic (unchecked), Bronze (unchecked), Expanded Bronze (unchecked), and Silver (checked). The main area shows three plan options, each with a 'deductible' filter at the top right. Each plan card includes a 'Compare' checkbox, tabs for 'Drugs', 'Doctors', 'Benefits', 'Plan details', and an 'Add to cart' button. The plans are: 1. Ambetter Value Silver 31 - HMO (Monthly premium: \$8.12, Deductible: \$1,200, Out-of-pocket max: \$2,200). 2. UHC Silver-D Virtual First Sevr (\$3 Rx + Unlimited Free App-based Care) (Disponible en español) - HMO (Monthly premium: \$12.72, Deductible: \$600, Out-of-pocket max: \$2,900). 3. UHC Silver-D Virtual First (\$3 Rx + Unlimited Free App-based Care) (Disponible en español) - HMO (Monthly premium: \$14.48, Deductible: \$800, Out-of-pocket max: \$2,800). Each plan also lists 'Doctor visits' and 'Generic drugs' costs.

With the **Carriers** you can filter sherpa to only show the main carriers we get paid the most on and offer the best benefits to the members by clicking on **Ambetter, Anthem, Cigna, Molina, Oscar, United, and Wellpoint**. Not all of these plans will always be available in every state and every zip code, but if any of these carriers are available you'll want to start there.

You can also filter out the **Metal levels** by clicking the boxes to the left as well and then you'll only see the options that you're looking for.

When putting your plan offering together, remember that you don't go to the mechanic and expect them to ask you what parts on your car you want them to fix. You showed up with your car making a sound and you want them to fix whatever it is. Your clients are coming to you looking for health insurance, so don't ask them which plan you want. Choose the **one** plan that works best for them based on the questions you asked in the beginning of the application like their doctors etc and present them **only one** plan. If you want to read more about the plan click on the **Plan details** button and you'll see a screen with a breakdown of coverage.

The **Doctors** button will generally open up the link that takes you to the provider lookup for that specific plan so if they have particular doctors you can look that up from here. **Drugs** link will take you to the formulary where you can employ your best friend **Ctrl + F** to search the formulary and answer their questions about if prescriptions are covered and at what tier. For the costs of the medications, reference the **Plan details** screen and scroll down to prescriptions.

Once you've found the plan that is right for the member click on the **Add to cart** and then **Start application** from the subsequent popup.

At this point you're ready to start the application to get their **Eligibility results** and see the true number as to what their subsidy will be, and if they qualify for a plan through the marketplace. The good news is that you can actually create a **Qualified Life-changing Event/Special Enrollment Period (QLE/SEP)** year round legally by employing a known loophole that CMS has approved, as long as you don't tell the member you're doing it, or don't advertise that it's possible otherwise they will be forced to close the loophole. We'll get to that later in detail. For now all you need to enter is their legal **First name, Last name, Date of birth, and Coverage state** then ask them if you have permission to open an application on hc.gov. After they say yes you are allowed to check that box and continue.

Resume shopping

In this example they had a previous application so we clicked on the **Add to clients** button which brought us to their lead information page. As long as all of this information is correct, you can click on the **Resume Shopping** or **Report Changes** buttons to open up their application. From that next pop-up choose **Update**.

Reporting a change

If your income or household changed, you should report this change as soon as possible.

To get started, click "Update" and access your application to make changes and then resubmit the application.

Privacy and the use of your information

Important Marketplace Emails: If the Marketplace has your email address, they'll automatically send you important information, updates, and reminders about Marketplace enrollment. You can opt out of these communications at any time. To do this, click on the "unsubscribe" link in the footer of any Marketplace email.

Privacy and the use of your information: The Marketplace will keep your information private as required by law. Your answers on this form will only be used to determine eligibility for health coverage or help paying for coverage. The Marketplace will check your answers using the information in their databases and the databases of other federal agencies. If the information doesn't match, the Marketplace may ask you to send them proof. The Marketplace won't ask any questions about your medical history. Household members who don't want coverage won't be asked

To continue, you must agree and check each of the following statements:

- I agree to have my information used and retrieved from data sources for this application. I ☒ have consent for all people I'll list on the application for their information to be retrieved and used from data sources.
- I understand that I'm required to provide true answers and that I may be asked to provide ☒ additional information, including proof of my eligibility for a Special Enrollment Period if I qualify. If I don't, I may face penalties, including the risk of losing my eligibility for coverage.

Back

Continue

When you see this screen you're now creating or editing an existing application on hc.gov and will need to get their permission. Read off these statements and proceed.

Application details

Plan year: 2024

At the top left you'll see a navigation/progress bar. This tells you how far along you are in the hc.gov application. Also if you need to quickly go back to a previous section, just click on that section and it will bring you to the corresponding page. Starting from the beginning we will enter in the member's **Name, Date of Birth, Sex, and Social**. This is only optional if the member is on their tax return and therefore application, but is not applying for coverage. If the member is applying for coverage you do need their ssn. If they don't have a ssn because of their citizenship status you can leave this blank and at a future time in the application it will ask for the appropriate numbers on their citizenship documents. If you don't have the ssn because the child is a newborn, leave it blank and you will have **90 days** from the time you submit the application to get the child's ssn and add it to the application.

You'll also notice on the top right of this screen you now have the Show Intake button, if you did send the intake ahead of time to the client, you can find that information here for a more streamlined renewal.

How would you like to get notices about your application? ⓘ

☐ Send me paper notices in the mail

☒ Send me emails and texts

Choose email, or text, or both:

☒ Email me

☒ Text me

☒ Text me at

☐ Text me at a different number

(Text STOP to cancel. Text HELP for help. Message frequency varies, but you may receive 1-3 reminder messages per week during Open Enrollment (Nov. 1 - Jan. 15). Message and data rates may apply. One message per attempt. Visit [Wireless Terms & Conditions](#) or [Privacy Policy](#) for more information.)

Although it says email is optional, you'll always want an email address. We need them for all AOBG products anyway, and you'll now have their email address saved in sherpa which is important for automatically sending notices about documentation. This will also help your CS department follow up with your clients for required documentation. Try and get a mobile number and set the phone type to cell. This allows hc.gov to also text clients for important information. And finally if you notice that English is not their first language, ask their preferred written and spoken languages. This will inform hc.gov and the insurance carriers to send their documents in their language to make their experience more user friendly. Once you have all of this you can **Continue**.

+ Add another person

Here is where you indicate who is just on the plan because they are part of the **tax return for the concurrent year of coverage** or actually applying for coverage. You can also indicate whether or not you're applying for a subsidy. If you know they are not eligible, or not interested, checking **No** on the cost savings question will make this application considerably shorter. Use the **Add another person** as many times as required until you have every person that will be on the tax return on this screen regardless if they are applying for coverage or not. Once you're ready **Continue** to the next section.

Residence

Applicant addresses

Does everyone applying for coverage live with you at the following address?

123 FAKE ST
TAMPA FL, 33712

☐ Yes

☐ No

Back

Continue

Again, this is about the tax address. So if anyone on the application will be filing their taxes at a different address, this is where you would put that information. If everyone is at the same address, click yes and **Continue**.

The following section will be all about how they are filing their taxes. If they are married, they have to indicate that they are filing their taxes jointly otherwise they are **unable to get any form of subsidy** so make sure they answer **yes** to filing together if they plan to be married by the end of the subsequent year of coverage. And if they have any dependents, you should have put them in the application earlier and now you just click that yes they are claiming them and select each dependent's name. Once you're done here **Continue** to the next screen.

Your tax information

Are you married? 

☒ Yes

☐ No

Who is your spouse?

First name	Middle (Optional)	Last name	Suffix (Optional)

Back

Continue

Tax household relationships

_____s relationships

_____ is the

Parent (including adoptive parents) X v of _____

Back Continue

If you have any dependents here that are not their spouse it will ask you to clearly label how each person is related. Pay attention to the names as to how they are related. The name at the top is the person in question, so if the name at the top says Susan, they are asking who Susan is to the name to the right of the drop down. So in this case Susan would be the parent of the child. You'll have a different box for each non-spouse dependent. Once done you can **Continue**.

On the next screen you'll start to get to the census information. To save time, it's best to ask if anyone is XYZ so you don't have to ask the question repeatedly for each applicant. Again remember that the social is required for each individual applying for coverage. When you get to the **Hispanic, Latino, Spanish, Race and Ethnicity** questions it's best to always just click Decline to answer. These questions are not required, and sometimes answering them will cause extra questions which take up more time. We are also not paid by the Census, so let them get that information. It also does not invite the member to tell you a 5 or 10 minute story about their origin, saving you time to complete this application faster. For this example I intentionally used a father and son with the same exact name to show you that it will not allow you proceed past this point if that happens. So make sure to indicate a difference with a middle initial, or Sr Jr III IV titles. If you did not do that earlier, click on the **Members** section at the top left of your application to return to that page then press **Continue** until you get to the screen after these census questions.

If the person does not have their SSN for any reason, you can simply leave these fields blank for now. And you will need to get their SSN in the next 90 days after submitting the app. If you are unable to get their SSN at that time, then they will lose their subsidy and have to pay it all back. That is the best case scenario, if you don't get their required information sometimes it can mean they lose coverage when it pertains to immigration information and verifying citizenship.

Back

Continue

When applying for a subsidy, you will need to answer the income questions. We are trying to get as close to what their line 37 adjusted gross income will be for the **concurrent year of coverage**. While it doesn't need to be completely accurate, and these numbers are not set in stone meaning they can update them at any time of the year, you still want them to be as close to accurate as possible so they don't have to pay back a large amount when they do file their taxes. If they work for an employer you'll want to put in the phone number of their employer so the IRS can call if they do decide to verify their income. You don't need the direct number for the accounting department, you can just as easily google their employer and put the first number that comes up if the client does not have a phone number. The IRS can figure it out later if they want the correct department. If you're putting in the income for someone self-employed, it will always ask for the monthly income, so just get their estimate for total annual income and divide that by 12.

As far as the **Deductions** for your client are concerned, this is their IRA contributions, actual student loan payments, or alimony payments for the concurrent year of coverage. Enter these numbers in as a positive value and they will be subtracted from their total annual income, resulting in their Modified Adjusted Gross Income (MAGI) as the bottom of the screen. In the rare event that the sum displayed here does not sound right to the member after totaling the numbers due to their income being irregular you can click **No** when asked if that looks right and then answer the following questions. This will be repeated for each member on the application regardless if they are applying for coverage or not. Remember this is based on everyone who will be on the same tax return for the family, so it needs all of their income data to calculate the correct subsidy for the family members that are actually applying for coverage.

Once you've finished the income questions that will take you to the **Additional questions** portion of the application. This is a very important part of the application when it comes to making sure they have a SEP or QLE. If a member does have a QLE or SEP, be sure to visit www.aobgagents.com/aca at the bottom of this page we have the CMS approves resources to validate these SEPs by clicking on the Life Events Explanation Letter tile.

The screenshot displays a grid of five tiles under the heading "Forms & Documents". Each tile contains a title, a brief description, and a PDF icon with the URL "www.healthcare.gov".

- Enrollment Consent Form**: CMS requires health insurance agents obtain a customer's consent prior to helping them apply for a subsidy and/or enroll in a Marketplace Qualified Health Plan.
- Annual Income Letter of Explanation**: Use this form if you applied for Marketplace coverage and need to submit documents to confirm annual income.
- Letter to Confirm Application Information**: Use this form if you applied for Marketplace coverage and need to send documents to confirm information on the application.
- Life Events Explanation Letter**: Use to provide a written explanation if clients cannot submit other requested documents to confirm a life event, such as loss of coverage, moving, or marriage, in order to qualify for a special enrollment period.
- Employee Coverage Tool**: Use this worksheet to help gather information about employers that offer traditional health coverage to anyone on a Marketplace application.

Before you start this section, gather HRA information.

You'll need any information about Health Reimbursement Arrangements (HRAs) that the people on this application may have gotten from an employer.

Do any of these people have an individual coverage HRA (ICHRA) through their job, or through the job of another person like a spouse or parent? ⓘ

[Learn more](#)

☐ [redacted]

Have any of these people been offered an individual coverage HRA (ICHRA) they haven't yet accepted through their job, or through the job of another person, like a spouse or parent? ⓘ

Only select a person's name if the person will be able to use their individual coverage HRA through 12/5/2022, or by January 1st if applying during Open Enrollment.

☐ [redacted]

Back

Continue

These questions you will again have to answer no, if they are to get a subsidy.

Employer Sponsored Coverage

Employer Sponsored Coverage

Will any of these people be offered health coverage through a job (including another person's job, like a spouse or parent)? ⓘ

☐

Back

Continue

When it comes to employer coverage, even if they are offered insurance through their employer if the cost of the employer plan is more than roughly **9.96%** of their income it is considered **too expensive** and therefore they can still apply for a subsidy. If that is the case, you will answer this question with a **no**. Otherwise, like the previous page, they are ineligible for a subsidy.

On the following page where it asks about **Upcoming or Recent changes** is where we have the opportunity to create a SEP for someone. In the event that it is asking for proof when we answer the question yes, and if asked for further documentation upload the Employee Coverage Tool from aobgagents.com/aca then you have to say that they will be losing coverage at the end of **this month** or that they have lost coverage on the **last day of last month**. Please be careful to not say they are losing coverage on the actual day they lose coverage if it is on a day somewhere in the following month. Even if you choose the first day of the month, the hc.gov system is not smart enough to know that this is happening in the middle of the month and allow for their new hc.gov plan to start immediately after. It can **only start on the 1st of the month**. So for this reason you will instead only say that they are losing coverage at the end of this month or the last day of the previous month, so their hc.gov plan will start the first of next month.

Upcoming changes

Will anyone lose qualifying health coverage before 12/5/2022?

You may need to submit documents to confirm that you recently lost coverage before your new coverage can start.

When's the last day of [redacted]'s current coverage?
Enter the date [redacted]'s current coverage will end,
not the first day [redacted] will be without coverage.
[redacted]'s Marketplace coverage will be available to
start on the first day of the following month.

10/31/2022

What was the name of [redacted]'s health coverage?
(Optional)

Recent changes

Select any of the life changes that apply to any of the applicants. If no life changes apply, and you missed OEP due to Covid-19, you may still be able to enroll by calling the Marketplace.

Lost qualifying health coverage

Got married

Changed primary place of living

Released from incarceration (detention or jail)

Adopted, placed for adoption, or placed for foster care

Have any of these people been offered an Individual Coverage Health Reimbursement Arrangement (ICHRA) or Qualified Small Employer Health Reimbursement Arrangement (QSEHRA) with a start date between 8/7/2022 and 12/5/2022?

A person may have more than one health coverage offer. Only select if both of these apply:

- They've been offered an individual coverage HRA or QSEHRA, which provides reimbursement for certain health care costs.
- At least one offer's start date is within the date range above.

[REDACTED]	\$0	\$0.00

Basic household questions

No one is eligible for health coverage from a job (including COBRA) or someone else's job.

No one is an American Indian or Alaska Native.

Additional questions

[Edit](#)

No one applying for coverage has a physical disability or mental health condition that limits their ability to work, attend school, or take care of their daily needs.

No one applying for coverage needs help with daily activities (like dressing or using the bathroom) or lives in a medical facility or nursing home.

[REDACTED] lost coverage on or after 01/01/2020

[REDACTED] is not losing coverage on or after 12/5/2022.

[REDACTED] did not get married on or after 8/7/2022.

[REDACTED] was not released from incarceration on or after 8/7/2022.

[REDACTED] did not gain eligible immigration status on or after 8/7/2022.

[REDACTED] and [REDACTED] and [REDACTED] were not adopted or placed for foster care on or after 8/7/2022.

[REDACTED] did not move on or after 8/7/2022.

No one applying for coverage was offered an individual coverage HRA (ICHRA) with a start date between 8/7/2022 and 12/5/2022.

No one applying for coverage was offered a qualified small employer HRA (QSEHRA) with a start date between 8/7/2022 and 12/5/2022.

[Back](#)[Continue](#)

Once you get to the finalize screen, you'll want to just read this one paragraph out to the member while clicking through all the following screens and stopping at the end. Clicking yes on all of the questions and stopping at the field where you have to type in their name. Only stopping and going back if they don't understand what you said or don't agree:

*"Do you allow the marketplace to use your income data for the next 5 years; you're not eligible for a marketplace plan if you become eligible for Medicaid or an employer plan and if you do you may have to pay back subsidies when filing taxes; you have to file taxes for the concurrent year of coverage and if you're married at the end of that year you'll have to file your taxes jointly; nobody will claim you on their taxes and you will claim everyone you listed on this application on your taxes; if any of this changes it may impact your ability to get a subsidy; if your income is lower than estimated today you may get some additional help and if your income is higher you may owe some additional federal taxes; you must contact the marketplace at 800 318 2596 or our office if anything you told us on this application changes; the marketplace will automatically cancel your coverage if you are found to have other qualified health coverage, Medicaid, Medicare or CHIP so you do not have to pay full price for both plans; And to the best of your knowledge you provided true and accurate answers today otherwise you will face penalties including the loss of coverage? **Wait for an answer, if yes** Do I have permission to electronically sign your name on this application today?"*

Finalize

Agreements

Please read the attestations below and select a response for each statement.

Renewal of coverage

To make it easier to determine my eligibility for help paying for coverage in future years, I agree to allow the Marketplace to use my income data, including information from tax returns, for the next 5 years. The Marketplace will send me a notice, let me make any changes, and I can opt out at any time. ⓘ

☒ I agree ☐ I disagree

[Back](#) [Continue](#)

Tax attestation

Please read the attestations below and select a response for each statement.

I understand that I'm not eligible for a premium tax credit if I'm found eligible for other qualifying health coverage, like Medicaid, Children's Health Insurance Program (CHIP), or a job-based health plan. I also understand that if I become eligible for other qualifying health coverage, I must contact the Marketplace to end my Marketplace coverage and premium tax credit. If I don't, the person who files taxes in my household may need to pay back my premium tax credit.

☒ Yes

☐ No

I understand that because the premium tax credit will be paid on my behalf to reduce the cost of health coverage for myself and/or my dependents:

- I must file a federal income tax return for the 2022 tax year.
- If I'm married at the end of 2022, I must file a joint income tax return with my spouse.

I also expect that:

- No one else will be able to claim me as a dependent on their 2022 federal income tax return.
- I'll claim a personal exemption deduction on my 2022 federal income tax return for any individual listed on this application as my dependent who is enrolled in coverage through this Marketplace, and whose premium for coverage is paid in whole or in part by advance payments of the premium tax credit.

If any of the above changes:

- I understand that it may impact my ability to get the premium tax credit.
- I also understand that when I file my 2022 federal income tax return, the Internal Revenue Service (IRS) will compare the income on my tax return with the income on my application. I understand that if the income on my tax return is lower than the amount of income on my application, I may be eligible to get an additional premium tax credit amount. On the other hand, if the income on my tax return is higher than the amount of income on my application, I may owe additional federal income tax.

☒ Yes

☐ No

Please read the attestations below and select a response for each statement.

I know that I must tell the program I'll be enrolled in if information I listed on this application changes. I know I can make changes in myMarketplace account or by calling Marketplace Call Center at 1-800-318-2596 (TTY: 1-855-889-4325). I know a change in my information could affect eligibility for member(s) of my household. ⓘ

☒ Agree

☐ Disagree

If anyone on your application is enrolled in Marketplace coverage and is later found to have other qualifying health coverage (like Medicare, Medicaid, or Children's Health Insurance Program (CHIP)), the Marketplace will automatically end their Marketplace plan coverage. This will help make sure that anyone who's found to have other qualifying coverage won't stay enrolled in Marketplace coverage and have to pay full cost.

☒ I agree to allow the Marketplace to end the Marketplace coverage of the people on my application in this situation.

☐ I don't give the Marketplace permission to end Marketplace coverage in this situation. I understand that the affected people on my application will no longer be eligible for financial help and must pay full cost for their Marketplace plan.

Retrieving final eligibility results from the Marketplace

We're currently syncing with the Marketplace to retrieve your final eligibility results. This can take a few minutes.

Requesting eligibility results

A progress bar with a blue segment on the left and a grey segment on the right. Below the bar are two buttons: a light blue button labeled "Back" and a light blue button with a green circular arrow icon.

After submitting, you will see this screen and have a few seconds delay. The following screen after continuing will have their eligibility results. If the results are not what you were looking for, you can always press **Edit application** and go back to see if you possibly answered a question incorrectly or need to adjust their income if they are able to work some magic with their accountant. This would be a good time to let you know that if you check out the FPL estimator tool at

<https://www.healthcare.gov/lower-costs/qualifying-for-lower-costs/>

you can see the upper and lower limits of how much income a family of that size in that state can earn to qualify for a subsidy. Sometimes if their income is slightly higher or lower than these limits they can still get a subsidy, so always complete the eligibility to see what their subsidy comes out to. If they do not qualify for a subsidy due to their income being too low or some other factors, you can send the application directly to Medicaid by hitting the check box at the bottom of this screen in the **Full Medicaid Determination** section. But for this example we are moving forward with the subsidy we found the member is eligible for. I'll get back to the required documents later on in this manual.

1. What state do you live in?

Florida

2. How many people are in your household?

Include yourself, your spouse if married, and any dependent claim as a tax dependent in 2022 — even if they have no coverage.

3

3. How much income will your household make this year?

Select the estimated income range for every person included in your household.

Select your income range
Select your income range
Below \$23,030
\$23,030 - \$57,575
\$57,575 - \$92,120
Above \$92,120

If you did not choose the member's plan first and went straight to the eligibility, then after completing that you will be given the opportunity to select a plan, now with the true subsidy numbers. Or maybe while completing the eligibility the member uncovered a different answer than they gave you before. This is a good opportunity to revisit the plans and still make sure it is the correct choice. If you do want to compare some options side-by-side there is a tool to compare up to five different plans at the same time. Once you've made your selection, if you did make any changes, add it to cart and move forward to **Apply these changes**.

At the confirm plan screen, you'll notice a check box where they are using the full amount of their subsidy. The only time you would uncheck this box is if someone knows that they are reporting a low income right now in the first portion of the year but plan to either make a large end of the year bonus or a sale of assets that will drastically increase their income in the future. This will result in them having to pay back subsidies, and maybe they do not want to take all of their subsidies knowing that in the future some or all of it will have to be repaid. If the member chooses to only use some of their subsidy you can apply that specified amount here. You're also presented one more opportunity to change the plan if for some reason it is found that this is not the correct plan for your client. And finally the most important part of this sale is the NPN override field. Sometimes in your agency you will not have the appointment for the carrier you wish to sell, and instead someone else in your agency holds that appointment. If your agency principal has set up your health sherpa to share their NPN as an override you can select it from this screen. Be very certain that the NPN chosen here belongs to an agent who is in fact currently appointed with the carrier. Otherwise the carrier will gladly accept your **charity application and not pay you any commissions. This can not be changed if you get appointed later.** Once you've verified that everything is correct. **Enroll in this plan.**

Confirm your plan

Based on your eligibility results, here's what your plan will look like.

Depending on the carrier, your next screen after here will be a confirmation page, and a button to make the premium payment. This will take you off of health sherpa and onto the carrier's web page. Some carriers will not pay a payment portal. For these carriers you will need to log into your broker portal to collect the payment, or find the member services number either in your O'Neill portal in the carrier resources tab, or in the policy information within health sherpa. If you don't have a payment link within sherpa, give the member the phone number to the carrier and inform them that they will not have a policy number since they have not paid yet. They simply need to call the carrier number, not press any prompt and wait to talk to a human. Once they are talking to an agent, let them know that they want to make their initial payment. They will take the payment from them after verifying some information. And a rare handful of carriers will not even accept payment until two weeks later when hc.gov transmits the application to the carrier. You'll just kind of have to get a feel for how payments are processed with each carrier and in each state.

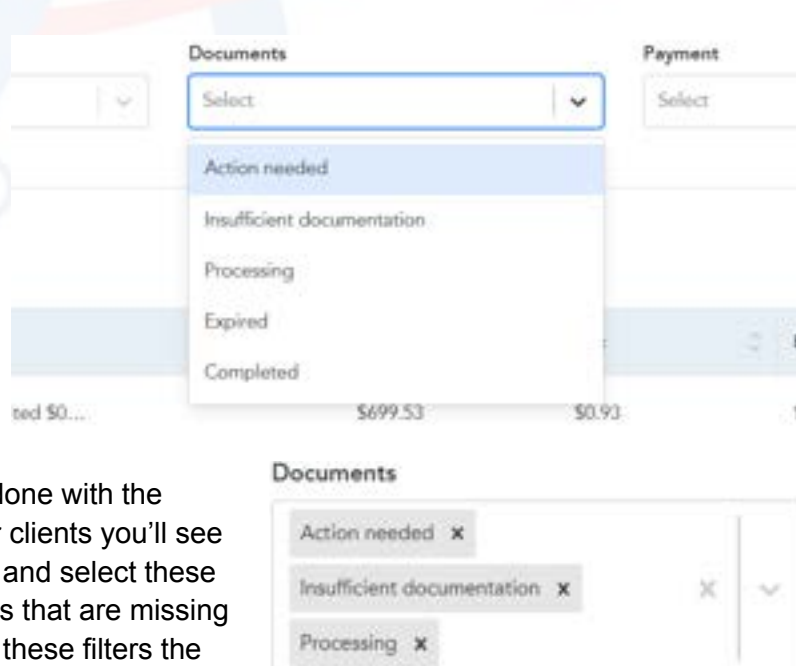

Servicing Existing Clients

Name	Plan	Date	Fee	Effective	Updated	Document	Payment	Action
[Redacted]	ABC Plan Group ABC, Individual BC...	2024-01-01	\$0.00	11/1/2023	10/1/2023	Not needed	Not needed	View
[Redacted]	XYZ Plan Group XYZ, Individual BC...	2024-01-01	\$0.00	11/1/2023	10/1/2023	Not needed	Not needed	View

On the left hand side of your health sherpa screen, in the navigation ribbon if you don't see the sale you just completed in the **Clients** section that means you did not complete the application correctly. If you do see them in the Clients tab then you know you have successfully completed the application.

However, just because you submitted the app does not always mean you are completely done with the client. Above the names of all your clients you'll see the **Documents** filter. Expand this and select these three filters to see all of your clients that are missing documents. Once you've set all of these filters the next thing you'll want to do is to look at the Payment column. Most likely the date under this column will be in the past. If that's the case click the circular arrows to refresh the data feed so that it says as of today. Doing this may even show that no further documentation is needed.

Sometimes when you refresh the file it will bring you into the member's file. If that happens, press the check box re-affirming that you have permission to open the member's file.

Follow-ups

There are just a few more steps to ensure you are covered.

Item	Member	Status	Deadline	Action
Verify income		Action Needed	12/22/2022	Verify

When you're in a member's file that has **Follow-ups** you'll see this section at the top of their file. All you need to do is pay attention to the deadline date and keep in mind that it usually takes about two weeks from the date documentation is uploaded before human eyes even see them to determine if it's acceptable or not. So make sure you have the member sending documentation to you, verify it's acceptable, and then submit on their behalf. Checking which documents are acceptable is very important, and simple: just click the **Verify** button.

Submit followup documents

by 12/22/2022.

Acceptable document types are images (jpg, gif, png, etc.) and PDFs.

Upload history

Check back here for the updates on your uploaded documents.

Acceptable documents to verify your Income

View List

From this screen click on the **View List** button at the bottom right. Each document type has the same list. So it would be a good idea to create **email templates** with these lists, and send them out to members, indicating when their deadline is (shown above in **a red date**) while reminding them it takes two weeks for documents to even be processed so they need to get them to you ASAP.

Acceptable documents to verify your Income

Close ^

Here are the documents you can submit to confirm your yearly income:

- 1040 federal or state tax return. Note: It must contain your first and last name, income amount, and tax year.
- Wages and tax statement (W-2 and/ or 1099, including 1099 MISC, 1099G, 1099R, 1099SSA, 1099DIV, 1099SS, 1099INT). Note: It must contain your first and last name, income amount, year, and employer name (if applicable).
- Pay stub. Note: It must contain your first and last name, income amount, pay period or frequency of pay with the date of payment. If a pay stub includes overtime, please indicate average overtime amount per paycheck.
- Self-employment ledger documentation (can be a Schedule C, the most recent quarterly or year-to-date profit and loss statement, or a self-employment ledger). Note: It must contain your first and last name, company name, and income amount. If you're submitting a self-employment ledger, include the dates covered by the ledger, and the net income from profit/loss.
- Social Security Administration Statements (Social Security Benefits Letter). Note: It must contain first and last name, benefit amount, and frequency of pay.
- Unemployment Benefits Letter. Note: It must contain your first and last name, source/agency, benefits amount, and duration (start and end date, if applicable).

Documents to confirm self-employment income:

- 1040 SE with Schedule C, F, or SE (for self-employment income)

Sometimes however a member is unable to provide documents in the allotted time. Such as if they are self employed and have no documents to prove their income until they actually file their taxes. In this case you can easily request an extension for their document deadline. As long as you do this **before the deadline** all you need to do is **report a change** by editing their application. Change their name to ALL CAPITALS or Normal Case if it was caps already – just change their name then submit the app again. You'll have a 90 day extension.

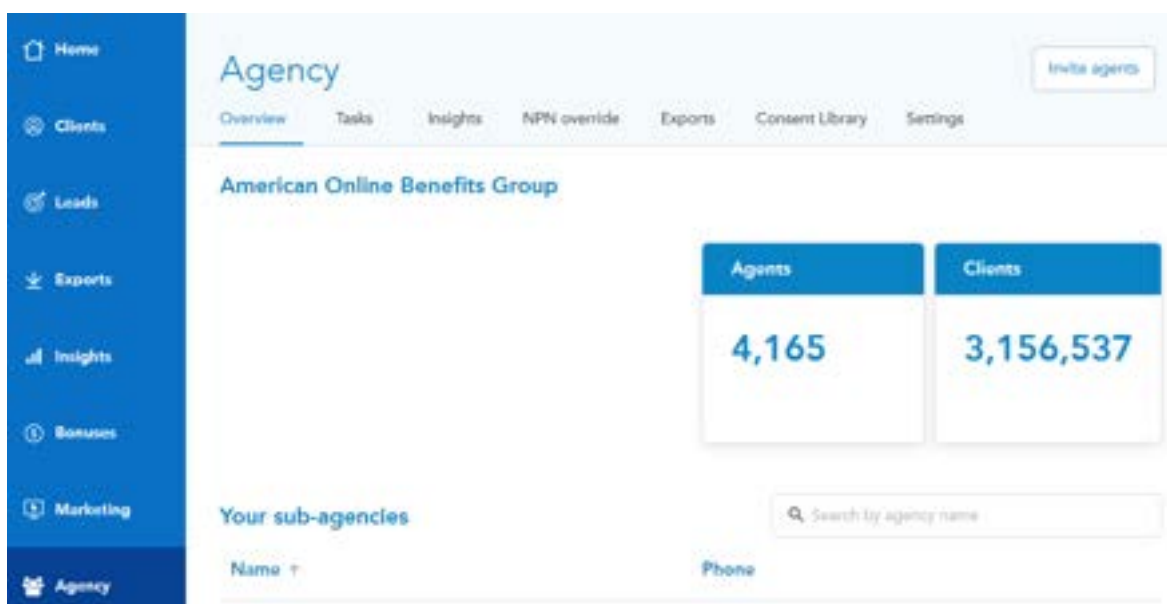

Next, you have the Leads tab. This is for all of your **saved quotes** and **incomplete applications**. You can resume an application here and pick up where you left off.

The next important tab is the **Bonuses** tab. This one is actually very misleading. Health Sherpa will buy your client from you for a small fee of \$50, \$100, \$150. This is really only for unlicensed agents. Because once sherpa buys that client from you they have full permission to sell them anything else they want, effectively inviting competition to your book that you worked hard to create. So make sure that you and your team **always have this off**. Licensed agents should not sell their clients away to sherpa.

Below that is the **Marketing** tab. Here you can edit your health sherpa URL, Agency display name that clients see when visiting your health sherpa page if you do share your url publicly, phone number they will see on your sherpa page, upload your logo so that it appears in the top left corner instead of your name, adjust the color of your health sherpa page to match your branding guide, change your splash image, or input your google analytics code. If you do make any changes here, be sure to press **Update** should you want those changes to be saved.

If you're an admin of your agency you'll have the agency button. From here you can invite agents to join your agency by clicking on the Invite Agents button. You can also edit who has access to see all of your clients in the agency if they need it for customer service access, and which NPNs if any you want to allow the other agents in your agency to use when submitting applications via NPN override. You can also grant admin access to anyone else who needs to have it for your agency.

Name	Client	Plan	Override (NPNs) (1)	Market Book (1)	Full Book (1)	Admin (1)	Actions
[REDACTED]	100	[REDACTED]				Group Admin	View
[REDACTED]	10	[REDACTED]					View
[REDACTED]	10	[REDACTED]					View
[REDACTED]	10	[REDACTED]					View
[REDACTED]	10	[REDACTED]					View
[REDACTED]	10	[REDACTED]					View
[REDACTED]	10	[REDACTED]					View
[REDACTED]	10	[REDACTED]					View
[REDACTED]	10	[REDACTED]					View

When you click on the **Invite Agents** button you will see your unique **join code** at the top right. This is what they will need to enter in the settings section of their health sherpa to become part of your agency. Or when setting up their account for the first time when asked to join an existing agency they will use that join code there. You'll know they have successfully linked their health sherpa account to yours when you see their name in your **Agency** tab.

Invite agents or agencies

This will email your agents a link to join the [redacted] agency using your join code [redacted]. Once they sign up, you'll be able to view their accounts from the agency page.

Enter agent email addresses: (Separate with commas or new lines)

Finally we have the **Settings** which is where you can change your health sherpa login information, add 2fa, and **FFM Account Integration**. If your FFM account is not integrated you will not be able to fully use your account so make sure that this is completed. Within your account settings you'll be able to update your login credentials, connect to your upline agency and other useful information. If you have used sherpa for a while, you'll note that the settings have now moved from where they used to be.

HealthSherpa settings have a new home

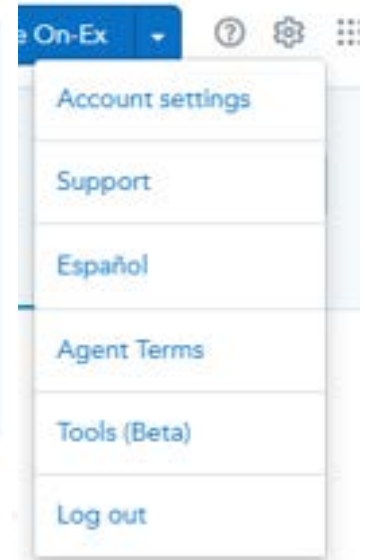

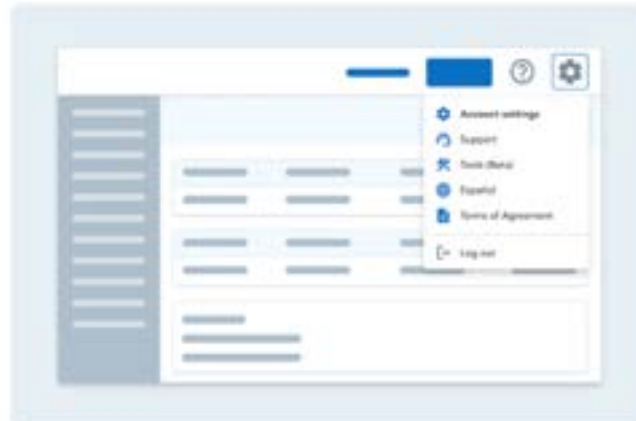

Look for your settings in these new places:

-  **Account settings** → Top right under the gear icon.
-  **Carrier settings** → Now under the Enrollment Assistance Program.
-  **Agency** → Now grouped with your settings other agency tools.

Clean up your navigation

We've kept settings in the left navigation so you can still find them. Whenever you're ready, you can remove it from the left navigation.

Remove settings from left navigation

Make sure that all follow-up notices are always set to **on**. If you have any more questions about sherpa, schedule a call with me at www.calendly.com/mike-cardoso my team and I will make sure you have everything you need.
